

# Engine anti-wear

12 x 300 ml

PN2025

## USE

AUTOPLUS Engine anti-wear treatment prevents the specific problems of new generation and latest technology engines.

Compatible with any type of oil and any type of petrol or diesel engine.

## INSTRUCTIONS FOR USE

Add contents into engine oil crankcase after having changed the oil or between two oil changes.

## PROPERTIES

Engine Anti-wear:

- Reduces friction and wear.
- Reduces oil consumption.
- Improves lubrication and protects the engine at cold start.
- Extends engine lifespan.
