

Petrol Injector & Valve Cleaner

12 x 300 ml

PN2037

USE

AUTOPLUS Petrol Injector & Valve Cleaner is a cleaning detergent additive formulated to clean and avoid problems in the complete fuel system from high pressure and normal fuel systems.

Compatible with all types of petrol engines.

Do not use with E85 fuel.

INSTRUCTIONS FOR USE

Pour contents of the can into fuel tank. As a preventive treatment, use every 5,000 km; if curative, add to tank on two consecutive fill-ups.

PROPERTIES

Petrol Injector Cleaner:

- Cleans and protects the complete injection system (injectors, valves, pumps, combustion, chamber...).
- Restores the injector flow.
- Eliminates acceleration problems, difficult starting and irregular idling problems.
- Avoids fuel overconsumption.
- Reduces exhaust smokes and gazes.
